Professional Summary

Results-driven meteorologist with a passion for delivering accurate, engaging weather forecasts and educational content. Skilled in creating visually stunning AR graphics, amplifying digital presence, and fostering strong viewer connections. Proven expertise in regional weather patterns, with a commitment to informing and educating audiences.

Experience

Meteorologist

January 2023-Present

WJBF NewsChannel 6 | Augusta, GA

- Deliver accurate and engaging weather forecasts, contributing to top CSRA viewership ratings.
- Serve as primary fill-in for morning and chief meteorologists, demonstrating on-air versatility.
- Enhance the station's digital presence by creating compelling weather graphics and visualizations using Baron Lynx.
- Issue VIPIR 6 Alert Days for impactful weather, ensuring timely viewer communication of dangerous conditions.
- Reinforce the station's "Weather Coverage You Can Count On" brand by providing live, on-location reports during significant weather events.

Weekend Meteorologist/Reporter

May 2021-January 2023

WXOW News 19 | La Crosse, WI

- Demonstrated strong on-air presence and ad-lib skills, frequently filling in for sister station WQOW.
- Analyzed data and created graphics using The Weather Company systems for Western Wisconsin.
- Engaged viewers through social media and produced compelling weather stories, showcasing storytelling skills.

Campus Connect Forecaster

August 2019-April 2021

Campus Connect | Mississippi State University

- Produced hyper-local weather segments for Northeast Mississippi, effectively communicating complex weather patterns through clear and engaging graphics.
- Actively contributed to social media presence, fostering community engagement and expanding reach.

Digital News Intern

June 2020-August 2020

KNBC | Los Angeles, CA

- Enhanced station's social media presence in Southern California through compelling news and weather stories.
- Contributed to comprehensive news coverage through research, interviews, and video editing.

Student News Reporter/Weather Anchor

August 2015-December 2017

SGTV | University of South Carolina

- Built foundational broadcast meteorology skills through live anchoring and video production of short films and news stories.
- Strengthened communication and community engagement through on-location interviews and social media.
